Under the word Years find the Year, above which is the Dominical or Sunday Letter *for that Year ; then against the Months in the other Table find the same Letter, over which are placed the days of the Month for every Sunday in the Month. In Leap Year, for January and February, use the Letter above the blank space for the Year ; for all the rest of the Months, use the Letter belonging to the respective Year.*

To find out, when it is Leap Year, divide the year by 4 ; if there is no remainder, it is Leap Year ; and if any remainder, it is 1, 2 or 3 years after Leap Year.

The following distances and angles formed by the Madras Church Steeple, the Flag Staff on St. Thomas's Mount, and Perumbaukum Hill (a small Sugar loaf detached Hill which lays about 8 miles South of the Mount, and whose position was determined by Major Lambton's Survey,) will enable any observer on board of a Ship riding in the Madras Roads to determine its birth with great precision by taking their angular distances with a common Sextant.

GOVERNMENT ADVERTISEMENT.

PUBLIC DEPARTMENT.

THE Right Honorable the Governor in Council having been informed that an erroneous opinion has been entertained of the nature of the orders which have been furnished to the Superintendent of the Honorable Company's Observatory, in regard to Sea Time-keepers delivered to his charge for the purpose of having their daily rate ascertained; Notice is hereby given, under the authority of His Lordship in Council, that all Chronometers which may be sent to the Observatory by any of the Captains and Officers of His Majesty's Navy, or of the Honorable Company's Sea Service, or by the Masters and Officers of British Merchant Vessels frequenting this Port, will be received every day (Sunday excepted) between the hours of Eleven and Two. That they will be regularly compared for as many days as may suit the occasion of the Owners, and that they will be returned, on written applications between the same hours, accompanied by detailed accounts of their rates of going while deposited, free from all fees or charges of every description.

Published by order of the Right Honorable the Governor in Council.

G. G. KEBLE,

Sec. to Government.

Fort St. George, 20th April, 1807.

Pursuant to the above Advertisement, Notice is hereby given, that no Time-keeper sent to the Honorable Company's Observatory, will be returned without *written* application from the Owner, or person who originally sent it; this application, if more convenient, may be added to the official receipt, which must always accompany the application.

No application either for a Time-keeper to be received at the Observatory, or for its being returned, can be attended to, unless made between the hours specified in the Public Advertisement.

H. C.'s Observatory,
15th June, 1825.

J. GOLDINGHAM,
Astronomer.

*** *It is recommended, that Time-keepers be not brought out in a Palankeen, the motion having been found to produce injurious effects: a Carriage is also objectionable; and the best mode perhaps, is to let trusty Servants perform the service; sheltering the Time-keepers from the direct rays of the Sun, with the folds of a cloth.*

Under the degree of Latitude, or nearest to it, of the place required, taken from the table of Latitudes, and opposite the day of the month, or nearest to it, on the left hand side of the table, the time of the Sun's rising will be found, and opposite to it on the right hand is the time of the Sun's setting.

Directions for setting a Clock or a Watch to Mean Solar Time by this Table: the Time by the same Clock or Watch of the Sun's rising or setting have been observed.

The Table shews the apparent Time when the Sun's centre is cut by the horizon either at rising or setting—convert this into Mean Time, by taking out the Equation of Time from the Table in the Almanac, and as the Table directs adding it to, or subtracting it from, the time of rising or setting of this Table.

The refractive power of the Atmosphere elevates the Sun so much, that the centre of that Luminary is actually cut by the horizon, when the lower limb appears to the eye to be half his diameter above it.—Therefore the Time by the Clock or Watch must be noted when the Sun's lower limb is thus far above the horizon—and you get the Clock or Watch Time of his rising or setting, according as the observation may be taken at Sun-rise or Sun-set—the difference between this time, and the Mean time of rising or setting found before, will shew what the Clock or Watch is fast or slow for Mean Time—and it is to this time that all good Clocks and Watches are regulated and set.

Abstract of an Act passed in the Thirty-third Year of His late Majesty, Cap. 52, Sec. 70, precluding the return to their duty of the Civil and Military Servants, after an absence of Five years.

And be it further enacted, that no person who shall have held any Civil or Military Station whatever, in India, in the service of the said United Company, being under the rank or degree of a Member of Council or Commander in Chief of the Forces, and who, having departed from India by leave of the Governor General in Council, or Governor in Council, shall not return to India within the space of five years next after such departure, shall be entitled to any rank or restoration of office, or be capable of again serving in India, either in the European or Native Corps of Troops, or in the Civil line of the Company's Service; unless, in the case of any Civil Servant of the Company, it shall be proved, to the satisfaction of the Court of Directors, that such absence was occasioned by sickness or infirmity, or unless such person be permitted to return with his rank to India, by a vote or resolution passed by way of ballot, by three parts in four of the Proprietors assembled in General Court, specially convened for that purpose, whereof, eight days previous notice of the time and purpose of such Meeting shall be given in the London Gazette, or unless, in the case of any Military Officer, it shall be proved, to the satisfaction of the said Court of Directors, and the Board of Commissioners for the affairs of India, that such absence was occasioned by sickness or infirmity, or some inevitable accident.

Regulations for the GRANT OF ABSENTEE ALLOWANCE TO CIVIL SERVANTS WHEN IN EUROPE.

That after an actual residence in India in the civil service of ten years or upwards, a covenanted civil servant of the Company, upon either the establishments of Bengal, Madras, or Bombay, shall be entitled, whether on account of ill health or from any other cause, and without reference to his private fortune, to come once to Europe on leave for three years, and to receive for that period from the Company's cash an allowance of £500 per annum, provided that in no case shall a greater number of servants come home under this regulation, annually, than seventeen from Bengal, nine from Madras, and six from Bombay; nor shall a larger number of servants who may have come home under this regulation be absent in the whole at one time than fifty-one from Bengal, twenty-seven from Madras, and eighteen from Bombay, and that the preference shall be given first to servants producing medical certificates upon oath, that a visit to Europe is indispensibly necessary for the restoration of health, and then to servants in their order of seniority, according to the rank assigned to them by the Court of Directors on the gradation list of the service.

That in cases of civil servants compelled by illness certified upon oath, to come to Europe previous to their completion of an actual residence in the civil service of ten years, such covenanted servants,

shall each be presented with the sum of 2,000 sicca rupees as passage money, and shall be entitled, for a period not exceeding three years, to an allowance from the Company's cash of £250 per annum; but that servants having received this indulgence, shall not, in the event of their again coming to Europe, after having completed a residence of ten years or upwards, be entitled to any allowance under the first regulation, except their return be again occasioned by illness, to be in like manner certified upon oath, and then only to the difference between what they have before drawn in the shape of absentee allowance, exclusive of passage money, and that of £500 per annum for three years.

That servants coming in the first instance to the Cape of Good Hope for the benefit of their health, and being compelled from the same cause to come from thence to Europe without previously returning to India, shall be considered as entitled to the benefit of the foregoing regulations.

That in all cases, as well in those of servants coming in the first instance to the Cape, as well as of those coming direct from India, the said allowances be considered as commencing from the date of leaving India, and terminating at the expiration of three years from that date, or at the time of arrival in India, whichever may first happen.

That the same be paid half yearly in Europe; that, on no account or plea whatsoever the allowances in question be extended beyond the period of three years; and

That any servant being in the receipt of absentee allowance from a civil fund, shall not be entitled to receive, during the same period of absence, the allowances prescribed by these regulations beyond such amount as may bring the total of his annual receipts from both sources to the sum hereby limited.

EXTRACTS FROM THE

REGULATIONS RESPECTING MILITARY AND OTHER OFFICERS RETIRING FROM THE COMPANY'S SERVICE.

Every Officer after twenty-five years service in India, three years for one furlough being included, is allowed to retire with the pay of the rank to which he has attained within twelve months of his arrival in Europe, but such pay is to be the same only as that allowed to Officers of Infantry.

A Surgeon of a General Hospital, or Superintending Surgeon, who has been in that station not less than two years, and whose period of service has been not less than twenty years, including three years for one furlough, as above, is permitted to retire from the service, and allowed £300 per annum.

All other Surgeons and Assistant Surgeons attached to the military, are permitted to retire from the service on the pay of their rank, after having served in India not less than twenty years, including three years for one furlough.

A superintending surgeon on the Prince of Wales' Island establishment, who has been in that station not less than two years, and not less than twenty years in the service, including three years for one furlough, is allowed a pension of £300 per annum. In the case of his not having held that office for two years, his retiring allowance is limited to ten shillings a day.

India, including three years for a furlough, may retire on the *half-pay* of his rank, in case his health shall not permit him to serve in India.

A Subaltern Officer, or Military Assistant Surgeon, having served six years in India, is permitted to retire on the *half-pay of Ensign*, if his constitution should be so impaired as to prevent the possibility of his continuing in India.

Every Officer returning on Furlough, and wishing to retire from the Service must make a declaration to that effect, within twelve months after his arrival in England; and in case of his neglecting so to do, he must, at the expiration of his furlough, either return to India, or be held to have relinquished the service, and not be entitled to retire on pay, unless he has continued to serve in India, from his first arrival, for the space of *twenty-two years*, without having a furlough; in that case he is allowed *two* years before he shall be called upon to signify his intention of retiring, but he can only be allowed the pay of the rank he held at the expiration of twelve months from his arrival in Europe.

Officers retiring from the service, will be considered to have retired from the date of their application, for leave to retire; or from the expiration of two years from the date of their landing in England, whichever shall happen first.

FURLOUGH.

Officers (of whatever rank) must be ten years in India, before they can be entitled (except in case of certified sickness, and as hereafter specified) to their rotation to be absent on furlough, and the same rule is applicable to Assistant Military Surgeons and Veterinary Surgeons. The furlough to be granted by the Commander in Chief at each Presidency, with the approbation of the respective Governments.

Officers who have not served ten years in India, but whose presence in England is required by urgent private affairs, may be allowed a furlough for one year without pay.

A Chaplain after seven years' residence in India, is allowed to come home on furlough and receive the pay of Major. Should he come home from sickness, prior to this period of service, he is allowed the pay of Captain only.

A Conductor of Stores is allowed furlough pay, only in case of coming home from sickness.

Officers coming to England on furlough, are required immediately to report their arrival by letter to the Secretary, stating the name of the Ship in which they came, and their address, forwarding at the same time the certificates they received in India.

The period of furlough is three years, reckoning from its date to the day of the return of the Officer to his Presidency.

Officers are required to join the establishment to which they belong at the expiration of the three years furlough, unless they shall have obtained an extension of leave from the court, six months before the expiration of that period. No furlough will be extended, except in cases of sickness, certified in the manner hereafter mentioned; or in cases, in which it shall be proved to the Court, that a further residence in Europe is indispensably necessary.

All Officers finding it necessary to solicit a further leave of absence, on account of sickness, must, if resident in London or its vicinity, appear before the Company's examining physician, Dr. W. F. Chambers, of Upper Brook-street, Grosvenor-square, who will report to the Court of Directors his opinion on the state of such officer's health. And if resident in the country in any part of the United Kingdom, they must transmit with their letter of application for such leave, a certificate according to the following form, signed by at least two Gentlemen, eminent in the medical Profession, *viz.* :—

Officers abroad in any part of Europe, applying to remain a further time from their duty, on account of sickness, are to furnish a certificate of two eminent physicians, *in the above form*, with the attestation of a Magistrate, that the persons who signed the certificate are Physicians.

Officers having obtained an extension of furlough to a given period, must at its expiration apply for permission, either to return to their duty or to reside a further time in England.

No Officer who has failed to obtain an extension of furlough, will be considered eligible to return to the service after five years absence under the Act of 33 Geo. III. cap. 52, sect. 70.

Every Officer upon leaving India, will receive a printed copy of the General Order on this subject, published agreeably to the court's instruction, and the plea of ignorance of the regulations will not be admitted as any justification of the breach of them ; officers therefore, who shall come home on furlough and who shall not in due time apply, so as to effect their return to the presidency to which they belong, within the period of three years from the commencement of their furlough, will subject themselves to the loss of the service, unless they shall be permitted by the Court to remain a further time in Europe.

No Officer on furlough can receive pay for more than two years and a half from the period of his quitting India, excepting Colonels of Regiments, and those of the rank of Lieutenant Colonel regimentally, when promoted to that of Major General ; the latter are then allowed to draw the pay of their Brevet Rank beyond the above period.

The parents or guardians of every candidate for the College, will be required to address the following letter to the nominating Director :—

" Sir :—I beg to assure you, on my honour, that my ——, to whom you have been so good as to give a nomination to the college, has not been dismissed from the Army or the Navy, and that he never has been expelled from any place of education.

" I have the honor to be, &c."

Candidates for the College must produce the undermentioned documents, previously to their being nominated as Students.

"valuable consideration whatsoever, to any person or persons who
"have interested themselves in procuring the said presentation for
"my ——, from the Director abovementioned."

In the event of no parish register existing or to be found, an affidavit of such circumstance is to be made before a Magistrate, to the following effect, viz.

The parent, guardian, or near relation, must then add his certificate as to the truth of the affidavit, which must be similar to that ordered to be annexed to the extract from the parish register.

The abovementioned certificate (and affidavit, in cases where an affidavit shall be required) are to be annexed to the petition to be written by the Candidate, and they are to sign a declaration thereon, that they have read these printed instructions. The same declaration is to be signed by the parent, guardian, or near relation of the Candidates respectively.

Candidates are to produce certificates, from the person under whom they have received their education, stating the nature of that education, and the proficiency they have made therein; and also certifying as to their mental ability, conduct, disposition and character.

On a student's appointment to be a writer, a legal instrument is to be entered into by some one person (to be approved by the Court of Directors) binding himself to pay the sum of £3,000, as liquidated damages, to the company, for breach of a covenant to be entered into that the student's nomination hath not been in any way bought, or sold, or exchanged for any thing convertible into a pecuniary benefit.

The rank of students leaving the College is determined by the certificate of the College Council, which is granted with reference to the industry, proficiency, and general good behaviour of the students.

Such rank to take effect only in the event of the student's proceeding to India, within three months after they are so ranked. *Should any student delay so to proceed, he shall only take rank among the students classed at the last examination previous to his departure for India; whether that Examination may have been held by the College Council or by the London Board of Examiners, and shall be placed at the end of that class in which rank was originally assigned to him.*

Provided always, that if a fair disclosure of any corrupt transaction or practice, of the nature before described, wherein any Director has been concerned, shall be voluntarily made by the party or parties engaged in the same with such Director, the appointment thereby procured shall be confirmed by the Court.

EXTRACT *of a* GENERAL LETTER *from* ENGLAND *in the* COMMERCIAL DEPARTMENT, *dated 7th September*, 1808.

Para. 229.—IN our Letter of the 31st October 1799, we informed you that we had appointed Messrs. Hyde and Marter, Clerks in our Accountant's Office, to act as Agents in the clearance of Baggage, Wines and Presents from the Company's Warehouses, and that we had been induced to appoint our own Servants to conduct this business, in order that they might be accountable to us for the propriety of their conduct.—The increase which has taken place in the Civil and Military Establishments of our several Presidencies, and the consequently augmented number of persons returning to Europe, have determined us to make a seperate department for the purpose of clearing Baggage, Wines, and Presents, and we have appointed Mr. William Marter, and Mr. William Evans, to be Warehouse-keepers, of Baggage, subject to our immediate inspection, and control, and we have made such arrangements with his Majesty's Board of Customs for ascertaining and paying the duties of Baggage, &c. as will ensue the greatest possible dispatch in the delivery of the articles to the respective proprietors.

230. We have also sanctioned a table of fees and allowances to be received for the discharge of this duty, and for reimbursing the expenses attending it, and we have prohibited the Baggage Warehouse-keepers from receiving any other than the authorized allowances, upon pain of our severest displeasure.

231. As we have erected this establishment for the sole purpose of the convenience of our Servants and others who may return to Europe, we direct that our intentions in this respect be made public, and be constantly affixed up in the Export Offices of our several Presidencies, and that it be signified to all our servants returning to Europe, that it is our desire that they apply to our said Warehouse-keepers Messrs. Marter and Evans, to clear and deliver them their Baggage, Wines, and presents, as we have directed Messrs.

Marter and Evans, to transact every branch of business connected with this department, which will render the Agency of all other Persons unnecessary.

232. Passengers arriving from India are liable to inconvenience from being ignorant of the law which prohibits Calicoes being printed, painted or stained or dyed, and also silk Goods from being worn or used in this country, and such Goods although made into apparel are of necessity taken out of their Baggage and detained by the Officers of the Revenue; We direct therefore, that notice hereof be made generally public, and further that Napkins, &c. which contain a coloured stripe however small, are considered to be prohibited and cannot be passed in England as part of their baggage.

GENERAL POST OFFICE, *Madras*, *4th September*, 1823.

NOTICE.

To obviate the delay which will sometimes unavoidably happen in the delivery of letters when due information regarding their disposal, is not lodged at the General Post Office, the Post Master General requests Officers of the Naval, Military and Civil Services, and other persons arriving at the Presidency, or departing from it, to notify to him, in writing, the places to which they wish letters for them to be sent.

J. A. DALZELL, P. M. G.

GENERAL POST OFFICE, *Madras*, *2d June*, 1824.

Notice is hereby given, that, on the payment of an inland postage, letters are received at this Office for transmission by sea from the other Presidencies, or from any distant Ports to which there are the means of conveying them from Madras.

J. A. DALZELL, P. M. G.

GENERAL POST OFFICE, *Madras*, *5th July*, 1824.

Persons despatching letters from Out-stations for transmission by sea from this Presidency, will, on application at the Post Offices into which their letters are put, obtain, after the lapse of a sufficient period procuring them, stamped acknowledgments for the receipt of their letters at the General Post Office.

Stamped chits bearing the names of the places to which letters are directed with the size and amount of postage, will be furnished on delivery into the different Post Offices of letters, whether for transmission by sea or otherwise; or if addresses are copied into books, or transcribed on separate pieces of paper, and sent with letters, they will receive the impressions of the proper stamps, and have the size and postage noted upon them.

J. A. DALZELL, P. M. G.

GENERAL POST OFFICE, *Madras*, *31st August*, 1824.

Notice is hereby given, that the Honorable the Governor in Council has been pleased to resolve, that henceforth the practice of sending letters by the Dawk runners outside of the Mails, shall not be

permitted, except with respect to letters on the public service to or from troops on a march, and that no detention of the runners shall be considered to be justifiable under any circumstances.

J. A. DALZELL, P. M. G.

GENERAL POST OFFICE, *Madras*, *27th June*, 1826.

With reference to the fourth rule of the Post Office Regulations, under the head of Banghy Department, whereby it is declared, that the Post Office will not be responsible for the safety of letters or parcels or transmitted by Dawk or Banghy ; it is hereby further notified, under the authority of the Honorable the Governor in Council, that, while due care will be taken to prevent losses, letters or parcels known to contain pearls, precious stones, money in coin, or bullion, will not be received for transmission through any of the Post Establishments.

J. A. DALZELL, P. M. G.

GENERAL POST OFFICE, *Madras*, *31st October*, 1826.

Notice is hereby given, that, under the authority of the Honorable the Governor in Council, Letters addressed to the Accountant General at this Presidency, containing Public Acknowledgments for Subscriptions to the Loan of the Supreme Government, opened under date the 18th of August 1825, which the Holders wish to exchange for Promissory Notes of that Government, will be allowed to pass free of postage, provided the words " Loan Acknowledgment (or Acknowledgments") are superscribed upon them.

J. A. DALZELL, P. M. G.

GENERAL POST OFFICE, *Madras*, *4th July*, 1827.

Notice is hereby given, that whereas many Letters for Persons at Out-Stations are received at this Office from England, addressed to the care of Mercantile Houses or Individuals at the Presidency, and whereas the delivery of such Letters to the Parties to whose care they are directed, is, generally speaking, calculated to occasion much needless trouble, as well as to delay the receipt of the Letters by the Persons for whom they are ultimately designed ; the rule which it is intended to follow respecting such Letters in future, is, that they should be sent direct to the Persons to whom they are addressed as Principals, except where there are special instructions for their delivery to the Parties to whose care they are superscribed.

(Signed) J. A. DALZELL, P. M. G.

GENERAL POST OFFICE, *Madras*, *10th July*, 1827.

The Post Master General is induced to recommend to the Public, as a measure not only advisable for security, but highly proper in other respects, that when remittances in Bank Notes are made through the Post Department, the Notes should be sent in halves, (each half having the number, date, and value of the Note, with the signature of the Treasurer or Cashier of the Bank upon it,) and acknowledgments obtained for the parts first transmitted, before the others are forwarded.

(Signed) J. A. DALZELL, P. M. G.

MADRAS;
GENERAL POST OFFICE,
12th November, 1828.

N. WEBB,
Post Master General.

Passport Regulations.

The Right Honorable the Governor in Council having reason to be satisfied of the total inefficiency of the present practice of regulating Passports, either to prevent the passage of unauthorized travellers, to trace the route and the pretensions of those of doubtful character, or to ensure the free progress of those who are duly authorized, has been pleased to establish the following orders for the regulation and control of all Passports granted under the Presidency of Fort St. George.

1st.—That from and after the 1st of June next, the Secretary of Government in the Public Department shall be charged with the general control and direction of all Passports granted within the territories of Fort St. George.

2d.—That Passports of the prescribed form, capable of being recognized by Natives as well as Europeans, in sewed Books with a Cheque Margin for the insertion of the name of the Person and No. and date of the Passport (for the purpose of preventing forgeries by comparison when returned) shall be issued by the Secretary of Government to all persons who shall be authorized to grant them, viz. To the Resident in Mysore, and to all Collectors for their respective Districts, with an exception of Sea-ports where there is a Commercial Resident, who will always regulate the Passports of the port where he resides; to the Town Major of Fort St. George for Military Persons belonging to that Garrison; to the Adjutant General of the Army, for all other Military Persons leaving the Presidency; and to such Officers Commanding Military Stations as shall be authorized to grant Passports. These stations shall be determined in the first instance, and from time to time when any changes of stations may occur, by the Secretary of Government in communication with the Adjutant General of the Army. The Secretary of Government will himself regulate the receipts and issue at the Presidency of all Passports to Persons not Military.

3d.—That all persons authorized to grant Passports shall keep a register in a prescribed form (blank books of which will be likewise transmitted) of all Passports received, and another of all Passports issued.

4th.—That all Travellers, on arriving at a station, shall deliver their Passport to the proper Officer, who shall register its receipt in the same manner as on granting one, and if the bearer proceeds farther, shall issue a new Passport in exchange, noting on the old one the date of its receipt, and at the end of each month sending by the Post all Passports received, to the person by whom they appear to have been granted.

5th.—That the Secretary of Government in the Public Department shall keep a General Register of all Travellers and Passports granted, to enable him to correct which, all Public Officers, authorazed to grant or receive Passports, shall transmit to him monthly, a copy of their Register of Passports granted and received during the month, and shall be held responsible for the application of the exact number of Blank Passports with which they have respectively been furnished by the Secretary.

6th.—That Passports to Military persons shall be granted by Military Officers exclusively, and to all other persons by Civil Officers exclusively; but in cases of urgency, a Military Officer in the absence of the Civil authority, and a Civil Officer in the absence of the Military authority, may pass a Traveller to the next Post or Station, by endorsing his Passports with the words "Pass to " noting the date; entering in his register the particular of the Passport, in the same manner as if he had granted a new one; and entering the word "endorsed" in the column of remarks.

7th.—Any Traveller stating that he has lost his Passport shall invariably be detained, until a duplicate shall have been obtained.

8th.—Public Officers having received a Passport authorizing them to *travel post on the public service*, shall not be compelled to wait for the exchange of their Passports, nor be subjected to any part of these Regulations which involve delay.

9th.—All Public Officers authorized to grant or receive Passports, shall report to the Secretary of Government any irregularity or any deviation from the established rules which may come under their observation, together with all remarks regarding the conduct and apparent views of Travellers which may appear proper and necessary to be communicated for the purposes of farther enquiry. And all Public Officers authorized to issue Passports are also empowered on sufficient information of incorrect conduct or improper views, to refuse a fresh Passport for the continuance of a journey already commenced; (reporting the detention to the Secretary of Government by the post of the day) or even to restrain until further orders the person of the Traveller, if such a measure shall in their judgment appear to be necessary.

10th.—For the convenience of official arrangement, all letters relating to Passports shall be superscribed "Passport Service."

Memorandum.

Exclusively of the Regulations which shall be published for general information, it may be proper that all persons authorized to grant Passports, should be furnished with instructions for their guidance in granting or refusing them.

The following are supposed to embrace all the material considerations.

1st.—To guard against the intrigues of foreigners to the interior of the country either among our own feudatories or subjects, or at the durbars of independent Native Powers, constitutes the main object of these regulations. To prevent foreigners from acquiring local information, though an important, is but a secondary consideration; and lastly, these regulations are intended to restrict the settlement of Europeans in India by indirect means.

2d.—No Passport of any foreign Governor can be considered of validity to pass a Traveller a single mile through the Company's possessions, but Public Officers stationed near a foreign settlement, will concert with the foreign Governor, or other constituted authority, according to local circumstances, the means of furnishing Travellers from such Settlement with the requisite English Passports on proper occasions.

3d.—The routes of Foreign Travellers for commercial purposes, will be generally by the sea side, and every proper facility should be afforded to that line of communication. But no foreigner must on any pretence be furnished with a Passport to travel inland, or even to deviate from the road nearest the shore, without the special authority of Government.

4th.—English subjects, who are not in his Majesty's or the Honorable Company's Service, should in like manner be restricted to the road nearest the shore.

5th.—All Public Officers who may be authorized to grant Passports, will, as soon as may be practicable after the receipt of these instructions, transmit to the Secretary of Government, descriptive lists of all Europeans not in his Majesty's or the Honorable Company's Service, residing within the limits of their respective authority; with their opinion regarding the expediency of licensing the farther residence of each individual. The Secretary will return certificates for such as the Governor in Council may think proper to license, and all Europeans not in the Service who shall not possess such certificates on the "1st day of August 1802," shall be sent to the Presidency for the purpose of being embarked for England.

6th.—From and after the above date—no Passport shall be granted to any European not in the service, *who resides or states himself to reside* at any English port or station, nor to any British subject *residing* at a foreign settlement, who does not possess such certificate of license; but Mariners or Traders, whether British or Foreign, *not resident in India*, who may desire to pass from one port to another for commercial purposes, shall be furnished with Passports without hesitation.

N. B.—The certificates should include a description of the person, and should grant conditional permission to reside at the town of "   ," subject to be sent to Europe at the shortest notice, whenever the Government shall think fit.

Fort St. George, 21st *April*, 1802.

Notice is hereby given, that from and after the 1st day of July next, no European person of whatever rank, description, or country, will be permitted to travel through the Company's dominions subject to this Presidency, unless he shall be regularly furnished with Passports for that purpose.

The only exception, which the Right Honorable the Governor General in Council, has been pleased to make to the foregoing resolution, is in favour of Officers Commanding Parties of His Majesty's or the Honorable Company's Troops.

All persons about to travel are accordingly required to take out a Passport, from the Collector of the district in which they may reside, or in places where there may be no Collector, from the Commanding Officer of the nearest garrison, which Certificate or Passport shall be produced to the next Collector or Commanding Officer, who are authorized to cancel it, if necessary, and to issue a fresh Passport.

And European persons of all descriptions are hereby warned,

that whoever shall be found travelling without a Passport will be taken up and confined until a report of his case can be made to the Presidency.

Notice is hereby further given, that a reward of Ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant of any description.

FORT ST. GEORGE, *May* 25, 1799.

IN addition to the Government Advertisement published on the 25th of May 1799, prohibiting Europeans of every description from passing thro' the Company's dominions subject to this Presidency, without a regular Passport; The Right Honorable the Governor in Council is hereby pleased to give notice, that from and after the 1st day of June next ensuing, any European of whatever rank, description or country, who shall be discovered passing thro' the territories under this Presidency, beyond fifteen miles from Fort St. George, without being furnished with a regular passport, will be taken up and confined until the pleasure of Government shall be known.

2: The only exception which the Right Honorable the Governor in Council has been pleased to make to the foregoing resolution, is in favour of Officers Commanding Parties of His Majesty's or the Honorable Company's Troops.

3. For the most strict execution of this order, notice is hereby further given, that a reward of ten Pagodas will be paid to any person, who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant of any description.

4. The following are the Officers by whom Passports will be issued on application.

By the Public Secretaries to the Government, to persons not Military.

The Town Major, to Military persons belonging to the garrison of Fort St. George.

The Adjutant General of the Army, to all other Military persons leaving the Presidency.

The Residents at Hyderabad, Poonah, Mysore and Travancore, the several Collectors of Revenue, the Commercial Residents residing at Sea Ports, and Officers Commanding Military Stations.

FORT ST. GEORGE, *May* 15, 1802.

The Right Honorable the Governor in Council has been pleased to adopt the following modifications in the Regulations which have been established with regard to the issue of Passports.

It is directed that in future all Foreigners who arrive at Madras, do deliver their Passports to the Police Office in person, and that no Passports be issued to Foreigners, except at the Police Office. All Foreigners residing at any of the out-stations or elsewhere, under the authority of the Government of Fort St. George, or who may hereafter arrive, shall without delay report through the channel of

the nearest Magistrate, Collector, or other local authority, their place of residence, occupation, period of arrival and from whence they have last come, to the Police Office at Madras, and any person failing to comply with this notification, will, on discovery, be placed under personal restraint.

It will be the particular duty of Magistrates, Collectors, and other local authorities where Foreigners may reside, to explain to such persons this part of the regulations, and to see that the order is strictly enforced.

All passports of whatever description, are in future to be translated into the Malabar, Gentoo and Hindoostanee Languages.

Such parts of the existing Passport Regulations, as are not affected by the above rules, are to remain in full force.

FORT ST. GEORGE, *August* 22, 1807.

The six Trustees are, Major General Sir John Malcolm, G. C. B. Henry Alexander, Esq. Robert Campbell, Esq. Andrew Macklew, Esq. Charles Edward Pigou, Esq. Lieutenant Colonel William

Ranken; and when not belonging to the Committee, they shall be considered as additional members thereof.

XXV.—In the event of the death, resignation or retirement, of one or more of these Trustees, it shall be in the authority of the Committee to nominate to the vacancy; such nomination to be subject to the confirmation of the next General Meeting.

XXVI.—There shall be two Meetings of the Club held yearly. One on the first Monday in May, for the purpose of electing one-third of the Committee for the succeeding year, and receiving a Report and Abstract of the Account and general concerns of the Club for the past year from the Committee, together with the Estimate of the Receipts and Disbursements of the current year, which Report and Estimate shall be printed in the course of the four following days, for the use of the Members; the other Meeting shall be held on that day fortnight, for the sole purpose of deciding on such propositions as may have been submitted at the preceding Meeting.

XXVII.—The Committee may call an extraordinary General Meeting on the Club on giving fourteen days' notice, specifying the object, in the form of a Resolution, and confining the discussion to that object only: the Committee shall also call an extraordinary General Meeting on the written requisition of twenty Members, not being of the Committee, under restrictions similar to the preceding.

XXVIII.---All notices of Extraordinary General Meetings (in virtue of the preceding Rule) issued by the Committee, must be signed by eight of its Members, and be put up in the Public Rooms of the Club, for at least fourteen days previous to the day of meeting.

XXIX.—No new rule, or alteration of a General Rule, shall be made, without the sanction of a majority of two thirds of an Extraordinary General Meeting, composed of at least seventy-five Members, nor unless the proposed new Rule, or alteration of an old one, shall have been put up in the usual place in the Public Rooms, fourteen days previous to the day of meeting, except as provided for in the following Rule.

XXX.—If any new Rule or Regulation, or alteration of an old Rule, be duly proposed at the Annual Meeting on the first Monday in May, and approved of at the following Meeting on that day fortnight, by two thirds of the Members then present, (whatever the numbers may be,) the same shall be considered as adopted by the Club.

XXXI.---No subject that does not relate to the concerns of the Club, shall be proposed or brought forward for public discussion at any Annual or General Meeting, and the Chair to be taken at two o'clock precisely.

XXXII.---The Club House must be open every day for the reception of Members, at nine o'clock in the forenoon, and closed at two o'clock in the morning, after which no Members shall be admitted; such Members however, as may then be within the House, are not to be restricted with respect to their departure by this Rule.

XXXIII.---No Member shall take away from the Club, on any

pretence whatsoever, any Newspaper, Pamphlet, Book, or other Article, the property of the Institution, under the penalty of expulsion.

Signals

FOR SHIPS OR VESSELS IN THE OFFING.

Signals respecting Ships or Vessels in the Offing, whether Men of War, or Merchantmen, are made from the top of the Fort Square of Fort St. George, on which there are three Signal Staffs. One consisting of an upright Mast, representing the East point of the compass, with a yard flung by the middle across, the Arms of which pointing to the North and South points of the compass.

Three classes of Vessels are expressed by these Signals; Vessels of three Masts, of two Masts, and of one Mast.

An ensign, or square national flag, represents a Ship of three masts: a national flag, with two points or swallow's tail, represents a Brig or Snow, &c. of two masts; and a broad national pendant, terminating in one point, represents a Sloop or Cutter, of one mast.

If either of these flags are hoisted to the top of the upright Staff, the vessels seen are in the East Quarter of the compass; if hoisted to the North or South arms of the cross yards, the vessels seen are in the North or South Quarters of the compass.

The number of Ships that appear in the Offing, are expressed by pendants. A white pendant signifies one Ship or Vessel; a red and white pendant, two vessels; a red pendant pierced with white, three vessels; and a yellow pendant pierced with blue, four vessels; when the number of vessels exceed four, they are to be considered as a Fleet; on which occasion a long blue and yellow pendant will be hoisted.

If the vessels in sight are Men of War in the East Quarter, one of the numerical pendants will fly from the national flag of the upright staff; if in the North or South Quarters, the pendants will fly at the extremity of the yard arm over the national flags, hoisted on the stay of the North or South arms of the cross yard.

If Merchantmen are seen in the North, South, or East Quarters, the numerical pendant will fly under the national flags. If the ships are Indiamen, a blue pendant will be displayed as usual under the Union flag of the Fort.

If a Fleet is in sight, one Gun will be fired after the Signal for the Fleet is made, and if there are two Fleets of different Nations, in the same point of the compass, the signal of the first seen Fleet will be lowered after the space of 15 minutes, and a fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Packet is announced with a blue flag pierced with yellow hoisted to the extremity of the Staff or Arms, expressive of the quarter she is in.

The annexed Plate represents the Flag of all nations, that trade to Madras: in the upper corner of which is represented the flag staff and yard, and the manner in which the signals are made to express ships or vessels discovered in the North, South, and East Quarters of the compass.

The St. George's flag hoisted on the upright staff with a yellow pendant pierced with blue over it, announces that four sail of British Men of War appear to the Eastward: the Dutch flag of two points or swallow's tail hoisted on the stay of the Northern Staff, and a red and white pendant over it at the extremity of the Arm, represents two Dutch armed Brigs or Snows in the North Quarter, and a French broad pendant hoisted to that stay of the South Arm of the Cross yard, with a red pendant pierced with white flying over it at the extremity of the Arm, represents three French armed Cutters in the South Quarter of the compass.

If the numerical pendants, instead of flying at the extremity of the staff, are hoisted under the national flag, in the manner expressed by the letter M. they will describe the same class of vessels to be Merchantmen.

N. B.—The blue pendant flying under the Union flag of the Fort, with the St. George's Colours hoisted upon any one of the signals staffs, expresses an Indiaman. A yellow pendant flying under the Union flag with either of the three white flags hoisted under any of the signal staffs, represents a Spanish vessel; and if a red pendant flies in the place of the yellow pendant, it will express a Portuguese. A blue and a yellow pendant, flying over the national flag, represent a fleet of Men of War, and under it a fleet of Merchantmen.

LIGHT HOUSE.

The Light House on the Exchange in Fort St. George was erected by the Exchange Committee, with the sanction of Government, in December 1796, and is of essential service to ships coming into the Roads in the night.

The Light is 90 feet above the level of the Sea at high water, it can be seen from the decks of the Honorable Company's Ships about 17 miles, and from their mast heads near 26 miles.

The South part of Pulicat Shoal bears from the Light House, N. by E. half E. distance 12 miles; and to keep clear of the Shoal, the light should always bear to the Westward S. S. W. ¾ W.

ART. 1. The following description of persons under the Presidency of Madras, and they alone, are eligible to become Subscribers to the Fund:—1st. Cadets and commissioned officers in the military service of the Honorable Company.—2d. The archdeacons and chaplains.—3d. Commissioned officers of the medical establishment.

2d. Cadets or officers shall be admissible as subscribers without furnishing certificates of health, provided that they signify their wish to become subscribers within six months after their admission on the establishment.

3d. Chaplains and medical officers, who may signify their wish to become subscribers within six months after the date of their admission on the establishment, shall be admitted on the same terms as cadets and officers, provided they are not married, and have not any legitimate offspring.* But chaplains or medical officers being married, or having legitimate offspring, shall be required (provided their application be made within six months as above) to pay the donation and subscription of their actual rank, as married, with arrears of subscription, to be calculated from the date of their admission on the establishment, or from the date of the birth of the eldest surviving child, if the latter date be anterior; such arrears to be paid with interest accumulated half-yearly.

4. Individuals of the descriptions enumerated in the 1st art. who may not have signified their wish to become subscribers within six months after their admission on the establishment, shall only be admitted as subscribers on the following conditions:—1st. That the application for admission be accompanied by the certificate of two surgeons, upon oath, that the person desiring to subscribe is then, to the best of their knowledge, in good health; this certificate being confirmed by the declaration to the same effect, also an oath, of the person so applying to be admitted.—2d. That the amount fixed in the annexed Table A. as the *Maximum* of their rank and condition, be paid at once, or by instalments, within eighteen months from the date of their admission.

* This Regulation has been introduced for the purpose of obtaining some equivalent from those subscribers who may enter the service, at an advanced age with families, consequently is not applicable to cadets, who are not admissible to the service at an advanced age.

2 The maximum and minimum laid down in table A Section I is fixed for the maximum and minimum of aggregate contribution for all classes of subscribers, so that each subscriber, on the one hand, having paid a certain amount added up without interest in either of the classes (of the *maximum*) shall be exempted from further contribution while he may continue in that class; and, on the other hand, that before the benefits issue in full from the fund, either to subscribers or to families, a certain amount calculated without interest also (or the *maximum*), shall be derived to the fund from the subscriber, or in the case of his death, from the amount payable to his family. In the latter instance the rates of deductions for paying up the arrears of *minimum* due are to be regulated by the Table D.

(D.)—*Table of the Rates for Deductions to be made on all benefits to Subscribers, and on Annuities issuing from the Fund, in each Class respectively, till the required Minimun be made up.*

3. The donation may be paid at once or by monthy instalments, agreeably to Table B., at the option of the subscriber. If the subscriber, however, be promoted during the payment of these instalments, he must pay all instalments subsequent to the date of that promotion, at the rate of the donation of the higher rank.

4. But although a period of eighteen months is also granted as an indulgence for the payment of the *maximum* by a person who may not have applied to subscribe to the fund within six months after his admission on the establishment, it is to be clearly understood, that any arrears of that maximum at the period of the death of such subscriber, or at the date of the sick certificate, on which he may have obtained leave to proceed to Europe, shall be deemed a forfeiture of all claims upon the fund, either for himself or family.

5. Nevertheless, on the death of any subscriber, whose family may be excluded from the benefit of the fund by the preceding paragraph, such family will be entitled to receive from the fund the full amount of subscription, with interest accumulated half-yearly, that may have been paid by the subscriber on whose behalf they claim, provided the subscription shall not have been previously forfeited under 9th article of this section.

6. Officers on their promotion or marriage will be required to pay up the difference between the amount of donation already paid by them, and the amount specified in the second and fourth columns of Table B., as the aggregate of each class and condition.

7. Donation is in no case to be returned.

8. All subscribers marrying after their admission into the fund, and who may be desirous that their widows or children shall possess claims to the benefits of the fund, are required to inform the secretary of their marriage, and of the payment of the additional donation; and unless this information be given, and payment of the additional donation made within six months after such marriage, the subscriber shall be required to pay double the amount, with interest added half-yearly.*

9. Any arrear, not sanctioned by the 3d and 4th articles of this section, equal in amount to six months' subscription, shall subject the subscriber owing it to the payment of double the amount of the arrear (unless it shall be made to appear, to the satisfaction of the Directors, that such arrear arose from an unavoidable accident), and in failure of the payment of the forfeitures specified in this and

* This article is applicable to the marriage of widowers as to that of bachelors.

the preceding article within twelve months after it shall be *demanded*, to the exclusion of himself and family from the benefits of the fund.

10. Subscribers who may be in the actual receipt of any periodical aid from the fund, shall *not*, during such period, be exempted from the payment of monthly subscriptions.

11. Subscribers who may be prevented from drawing pay by a temporary cause, such as captivity, extended furlough, suspension from pay, or the like, shall during such period be exempted from the payment of monthly subscription without forfeiture of their rights; but upon the removal of such incapacity, and upon the receipt of pay, they shall be required to pay up all arrears due to the fund, or one-thirtieth part if unmarried, and one-twentieth if married, of any arrears of regimental garrison pay and allowances which they may so receive.

12. It is optional with married subscribers to pay a donation of 282 rupees or not, within one year after the birth of each daughter; the advantage resulting from such payment being, that the annuity which on the death of the subscriber becomes payable to such daughter, shall be continued to her until her marriage or death, in the manner prescribed; and in the event of its not being paid, the annuity to the daughter will cease on her attaining the age at which annuities to sons are discontinued. A posthumous daughter, or a daughter whose father may die before she be one year old, will be entitled to the advantages of this regulation, but the prescribed donation for her will be deducted from her annuity at the rate specified in Table D.

13. Officers retired on half-pay, or on Lord Clive's Fund, shall pay full subscription notwithstanding, according to their rank and condition; and they are accordingly required to pay up their arrears, without interest, towards their respective maximum, within one year after the adoption of the regulation may be made known in England; or failing so to do, and preferring to continue the payment of half subscription only, their families at their death will be entitled only to half the benefits derivable from the fund.

Section III.---*Persons entitled to the Benefits of the Fund.*

1. The persons entitled to the benefits of the fund are: --1st. All subscribers to the fund, for such benefits as are personal, under the restrictions prescribed by the regulations. 2d. All widows and legitimate children of those who were subscribers, and were married on the 1st April 1808, and the children of such previous marriages are entitled, without distinction, to the full benefits of the fund, either in quality of orphans, or in future as widows.

2. With regard to marriages contracted subsequent to the 1st April 1808, it shall be an indispensible qualification that both the parents of any and every claimant shall have been European, or of unmixed European blood, though born in other quarters of the world; four removes from an Asiatic or African being considered as European blood.

3. Legitimate children of those who were married subscribers on the 1st April 1808 (provided they be the offspring of such marriages), as also the legitimate descendants of those children, shall be entitled to the full benefits of the fund, either as orphans or hereafter

as widows, notwithstanding the restriction contained in the preceding article.

4. Marriages, subsequent to the 1st April 1808, with persons of mixed blood (who may not be included in the third Article), exclude the widow and children from the benefits of the fund; but subscribers contracting such marriage will continue to enjoy all the personal advantages of the fund, and will besides have the option of paying the additional donation on marriage; which payment, and the continuance of subscription, will entitle the widow and children of such subscriber to receive from the fund the amount of nett subscription paid by him with compound interest, accumulated half-yearly, after deducting therefrom, with similar interest, the amount of any advances which he may have previously received from the fund on account of sickness or other cause.

Section IV.—*Benefits derivable from the Fund.*

1. The benefits derivable from the fund are two-fold. 1st. Such as are granted by the regulations to subscribers while living. 2d. Such as are granted to the widows and legitimate children of deceased subscribers.

2. The benefits granted to subscribers while alive are considered personal, and subject to the decision of the directors for the time being; who will be guided in their decision on each claim by the regulations of the fund, except when they have reason to entertain doubts with respect to any such claim. It will, in such cases, be their duty to call for further information from the claimant; and if this information should not be satisfactory to the directors, they are authorized to withhold the payment of the claim until the pleasure of the army at large be known, to whom the case will be immediately referred.

3. Subscribers who may have applied to the Secretary for permission to subscribe within six months after their admission on the establishment, will be entitled at any time to the benefits of the fund.

4. A subscriber who may proceed to Europe on sick certificate, in conformity to the regulations of the army, and who may not be allowed passage-money by Government, shall be entitled to the passage-money regulated for his rank, provided his application shall be accompanied by a declaration on oath, that he does not possess the means of paying for his passage, and also shall be entitled on his return to India to receive from the secretary in England the sum regulated for the outward passage, on the production of a similar affidavit.

5. A subscriber so proceeding to England on sick certificate shall be entitled for his equipment to a further sum not exceeding Rs. 400, if unmarried; or if married, in addition to the above sum, he will be allowed Rs. 200 for his wife, and Rs. 100 for each child, his application being accompanied by an affidavit of his not possessing funds for the purpose; but no allowance will, in any case, be made for equipment to a subscriber returning to India.

6. Subscribers, being subalterns proceeding to England on sick certificate, who shall make oath that they do not possess property which will produce an annual income, including their pay, equal

to £140, shall be allowed such sum annually as, with their pay and other income, will make up £140, during the period of receiving English pay on furlough, as regulated by the Court of Directors.

7. Income allowance to sick subaltern officers at home will be increased to such officers as are married, or to widowers having offspring, as follows: £20 for his wife, and £10 per annum to each of his children. The latter allowance, however, to be reduced in the case of a plurality of children, in the manner prescribed by the 19th article of this section; provided, however, that such additional allowance for *the whole family* never exceed his own income allowance. A captain, in like manner, being at home on sick certificate *with a family* will be entitled to a similar allowance *for his family* provided he take the oath prescribed for subalterns; but such allowance is never to exceed that of a lieutenant.

8. Subscribers proceeding to England on sick certificate conformably to the regulations, from any place not under the Presidency of Fort St. George, shall be entitled to the personal benefits which have been above enumerated, provided they shall have complied with the local regulations, and shall make immediate communication of the circumstances to the directors of the fund.

9. The second class of benefits (namely, those granted to widows and children of deceased subscribers) are absolute, not dependant on the decision of the directors, but controlled solely by the regulations of the institution.

10. The widows and legitimate children of deceased subscribers, admitted subsequent to the 15th October 1822, shall be entitled to receive the annuities specified in the annexed Table E., without reference to the amount of property such subscribers may have died possessed of, provided they shall have paid up, previous to their decease, the minimum of their rank; but in cases where the minimum may not have been paid up, the annuities of the widows and children will be subject to a deduction, in the proportion specified in Table D., until such minimum may have been made good, when the annuities will be paid in full.

sion may have been anticipated during the life time of the mother, and that she dies afterwards before the boy has completed his 21st year, in which case he shall be entitled to the difference of the sums opposite his age at the time of his mother's death for the £40 or the £60 annuities, in India or in England respectively, as the case may be.*

N. B. The *present value* is invariably to be paid, under the circumstances of the case, as the boy may be in Europe or in India respectively; and if the boy die at intermediate periods between the calculated half years, the due proportion shall be allowed for the broken period.

12. In cases where children may be bereft of both their parents, the guardians of such children will be entitled to receive their annuities, on production of the powers investing them with authority to act as guardians.

13. The Pension payable to the widows of subscribers is in *all caess* to be subject to a deduction equal to the amount of Lord Clive's

* For instance, if a Boy in India, while his mother is living, anticipates his annuity at the age of 16, he will receive £165 18s. 2d. only; but if his mother die when he is 19, he will then have to receive the difference between £73 2s. and £109. 13s., or £36. 11s, in addition to the sum before paid to him.

pension; accordingly an amount, equal to the pension payable by Lord Clive's Fund, shall in *all cases* be deducted from the income which might otherwise be claimed from the Military Fund by the widow of a deceased subscriber.

14. If a widow pensioner on the fund marries, her pension is to cease during her coverture; but in the event of her becoming again a widow, she shall be re-admitted to all the benefits she may have enjoyed from the fund during her first widowhood, in like manner as if she had not re-married. If her second husband shall also have been a subscriber to the fund, the widow will receive, however, only one annuity, taking that which may be greatest, that is to say, according to the rank of the first or second husband, whichever may have been the highest; but the widow of a colonel, lieut.-colonel, or major, marrying subsequent to the date of these regulations, and reverting again to the fund upon the decease of her husband, shall be entitled only to the annuity specified in Table E.

15. The applications of widows admitted subsequent to these regulations having effect, and who were not married on the 1st April 1808, are to be accompanied by an affidavit.

16. Widows who may be admitted to the benefits of the fund subsequent to the date of these regulations, shall not be entitled to passage-money, except in cases where it may be certified by two medical officers to be absolutely necessary for the recovery of their health, when they will be allowed the passage money established for the rank of their deceased husbands for one passage only. Widows who may declare upon oath that they have not the means of defraying their passage, will receive *as an advance* the amount allowed for the passage regulated for the rank of their deceased husbands; such advance to be repaid, with interest at 5 per cent., by intalments, at the rate fixed in Table D.

17. The passage money for children admitted subsequent to the date of these regulations is fixed as follows, *viz.* £60, (or Rs. 525) for each child; but when two or more children go home together the allowance is to be reduced in the following ratio, *viz.* £3, £9, £18, £30, £45, as there may be 2, 3, 4, 5, or 6 children going together respectively, and in the same ratio for any greater number.

18. The half-yearly application of a widow for her annuity, admitted subsequent to the 15th Oct. 1822, is to be accompanied by an affidavit.

19. A widow having more than one child, shall have deducted from the aggregate of her children's annuity 1-20th part of one child's annuity (taken on the average of all their annuities) for the second child; 2-20th for the third child; 3-20th for the fourth, and so on for any number she may have above one, so that, for instance, supposing a subscribing major to leave a widow and six children (two in each class) she will have to receive from the fund for herself

For her six children	£180 0 0	
Less 15-20th of £30 or	22 10 0	
		157 10 0

But the aggregate of the children's annuities is in no case to ex-

ceed the amount of the widow's own annuity receivable from the Fund.

Section V.—*Eventual Benefits of the Fund.*

1. Independent of the benefits which have been recited, the fund is considered as holding out the prospect of eventual benefits under the following circumstances.

2. If at any future period it shall be found that the funds of the institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the directors of the institution, as the permission of the Hon. Court of Directors has been obtained, to afford the aid of the fund in the following case, *viz.* to subscribers compelled by ill health to abandon the country after ten years' service, and before they are entitled to retire on full pay, the regulated passage-money of their rank, and an annuity which shall render their total income, from whatever source derived, equal to the full pay of their rank.

3. If at any future period it shall be found that the funds of the institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the directors of the institution, provided the permission of the Hon. Court of Directors be obtained, to afford the aid of the fund in the following cases:—1st. To officers who may have served twenty-two years in India, and may be obliged by ill health to retire from the service, without having obtained the rank of major, the regulated passage-money of their rank, and such assistance from the fund as will render their whole income, from whatever source, equal to the pay of major.—2d. In the event of a still further surplus, it shall be competent for the directors of the Military Fund, at their discretion, to assist officers retiring from the service on full pay in limited circumstances, with a sum equal to the regulated passage-money of their rank; provided always, that the resignation of such officer shall actually have been accepted previously to his embarkation.

Section VI.—*Loans.*

Subscribers who shall have subscribed to the fund for a period not less than eight years, shall be entitled to loans under the following circumstances:

1. A subscriber being desirous to send his wife and children, or either of them, to Europe, shall be allowed, should the state of the funds admit it, a loan equal to the amount of 20 months' subsistence of the rank he then holds, provided he shall have previously deposited with the directors an irrevocable order, engaging to repay the amount so borrowed, with interest at 8 per cent., within twenty-two months immediately succeeding the date of the advance. He shall also be required to deposit for the ultimate security of the fund, a personal bond, in which he shall be joined by two securities, to be approved by the directors, and assignment on any property he may possess.

2. In like manner, a similar loan will be allowed to a subscriber in India under the same conditions, whenever he may be desirous that his wife and children, or either of them, should return to him.

3. A subscriber who may be desirous to remit money to his wife or children in Europe, shall be allowed to receive an order on the secretary of the fund in England for any amount which he may have previously paid into the fund here, either by instalment or otherwise: provided always, that any loss by exchange or otherwise shall be borne by such subscriber.

4. A subscriber proceeding to England on sick certificate with his wife and children, shall be authorized to apply for the regulated passage-money for such wife and children, to be advanced by the Military Fund as a loan. Such loan, however, can only be advanced upon the personal bond of the subscriber, including two sureties to be approved by the directors. The amount to be repaid with interest at 8 per cent. within two years after the subscriber's return to India, provided he may have attained the rank of Captain, otherwise within two years after he shall have attained that rank, and the sureties to be bound to make good any balance or deficiency, in the event of the subscriber's ceasing to be a member of the fund before the bond is discharged.

Section VII.—*General Regulations (extracts.)*

9. When any new regulation shall appear to the directors to be advisable, such regulation shall be circulated to corps for consideration.

10. If any subscriber or claimant on the fund shall be desirous to appeal from the decision of the directors to that of the subscribers at large, upon any subject which may not be specifically defined by the regulations, such appeal, provided it be approved by three directors, shall be referred and decided upon in the manner prescribed in the preceding article, and the decision shall be final in all cases whatever, any further agitation of the question, by process of law or otherwise, being deemed in itself to be an absolute forfeiture of all claim on the fund.

11. When a reference shall be made to the subscribers at large, respecting either a proposed regulation or an appeal, the result of such reference shall be communicated to corps for the information of subscribers.

12. In order to prevent litigation respecting the disposition of this institution, it shall be required that every application for the benefit of the fund shall be accompanied by an obligation of the party applying to conform and submit to the decision of the directors, and of a majority of the army, in cases which admit a reference to the general suffrage.

13. Generally, all payments due from the fund are to be made half-yearly, on the 30th June and on the 31st December; but in cases when pensioners or claimants on the fund are about to embark for Europe, all arrears are to be paid up to the latest date practicable.

14. Any arrear which may be due to the fund by a subscriber, or by an annuitant who may have received an over-payment, loan, or advance, shall in all cases be deducted from the first payments to be made from the fund to the person owing such arrear.

15. All income derived from the Madras Military Fund is declared to be unalienable; and the fact of attempting the alienation of such income, in any manner or under any pretence, shall be deemed in itself a forfeiture of all future benefits from the fund.

16. Dismission from the service shall be in all cases considered a forfeiture of all claims on the fund, and of all subscriptions already paid; but temporary suspension from rank or pay is not to be considered a forfeiture of such claims, provided the subscription be continued during such suspension; or if the subscription be discontinued, provided the arrears so arising, and interest on the amount, shall be paid up within a period equal to that of the suspension, and immediately succeeding it.

17. If a subscriber who may be dismissed from the service by a court martial or otherwise, shall afterwards be restored to the service, he shall be re-admissible to the fund, on payment of the arrears that may have accumulated, with interest thereon, in the same manner as if he had suffered only temporary suspension.

18. All property belonging to the Military Fund at any period, shall be invariably vested in the Honorable Company's securities.

19. When interest may be chargeable according to these regulations, on sums either receivable or payable by the Military Fund in account with subscribers to that fund, or their families or representatives, that interest shall be always calculated according to the highest rate, which may be allowed on the Honorable Company's securities at this Presidency, at the time when such sum may be received or paid.

20. The existence of a military fund must be known to all persons entering the Madras service; and, in the course of six months, they must necessarily have various opportunities of learning the tenor of the regulations. It will nevertheless be the duty of the secretary to communicate to each cadet, officer, chaplain, or assistant surgeon, entering the service, the advantage of a speedy declaration of his intention to subscribe, and the penalty of the delaying it for more than six months. This communication is to be made immediately on the promulgation of the order admitting to the service any individual of the class above mentioned, and is to be repeated at the expiration of three months; but the miscarriage or non-receipt of such communication will not be admitted in bar of any existing regulation.

21. The management of the affairs of the fund in England shall be conducted, as at present, by a secretary to be nominated by the directors of the fund, and such secretary shall be required to furnish security in proportion to the extent of cash he may have in hand at one time. It shall be part of the duty of the secretary to furnish every cadet, assistant-surgeon, and chaplain, on his appointment to the Presidency, with a printed copy of the regulations of the fund, and every information requisite relative to the existence and objects of the institution.

22. With the view of securing the fund against decay and ultimate failure, the original intention in regard to donation shall be henceforward put in force and strictly adhered to, namely, that the donations paid by officers be "*for the purpose of forming a capital*" and that the subscriptions of officers, the Company's donation, the interest on the capital, and all other profits, be alone available to defray the expenses of the fund, and the books and accounts of the fund shall be kept to that effect.

23. Should the subscriptions of officers, the Company's dona-

tion, the interest on the capital, and all other profits available to defray the expenses of the fund, fall short of the demands upon it, so that the total amount of the former will not defray the amount of the annuities and other claims, then it shall be in the power of the directors to make a proportionate deduction, according to Table D., from the annuities of the widows of the four senior classes, from the annuities to all children, and from the payments to other claimants above the rank of subalterns, until the state of the fund shall afford the means of complete payment; when, if a surplus income exists, the arrears shall be made good from the amount of surplus, but not otherwise.*

24. The secretary shall lay before the directors, at the regular monthly meeting in November each year, an estimated state of the fund for the current year; and the directors having taken the same into consideration, shall declare what deduction, if any, may be required on annuities and claims for the ensuing year, on the principles of the preceding article.

25. Certificates, according to a prescribed form, shall be issued for the amount of every deduction to be made on the above principle, be numbered, dated, and registered progressively; and when it may be deemed advisable to put them in train of payment, the same shall be discharged to the parties holding them or their order, according to priority of date, and upon their granting a full and sufficient acquittance for the same on the back of the certificate; but no interest whatever will be paid on those certificates at any time.

26. None of these regulations shall affect the annuitants admitted on the fund prior to the 15th October 1822, regarding whom the previous regulations shall continue in force, except in such cases as are herein specially and otherwise provided.

Para. 2. "Having had under our consideration the reports from time to time made to us of the state and proceedings of the Funds established at your Presidency by our Servants in the Military, Medical and Ecclesiastical Departments, we have adopted the following Resolutions.

That all persons nominated in future as Cadets and Chaplains for the Establishment of Fort St. George, be required as a condition to their appointment to subscribe to the Military Fund of that Establishment.

* So long as there shall be on the fund widows belonging to the three senior classes, and children whose mothers are living, and which widows and children shall have been admitted thereto previously to the 15th October 1822, the widows and children admitted since that period on the modified annuities shall not be subject to the deductions specified in the preceding articles, until the corresponding annuities of the former annuitants shall by such deduction shall have been reduced respectively to the standard of the new scale; from which period they shall all be included in the provisions of the article to which this note refers.

That all persons nominated in future as Assistant Surgeons, for the Establishment of Fort St. George, be required as a condition to their appointment to subscribe to the Medical Fund of that Presidency.

3. With regard to persons already in the Service we desire that you will signify to Non-subscribers to the Funds established for their respective Classes, our wish that they may subscribe and our determination to refuse compliance with any application for relief on behalf of the Widows of Families of such Servants, Military, Medical and Ecclesiastical as shall refuse to contribute to the Fund.

4. It is our wish to be furnished annually with a list of the Subscribers to each of the Military and Medical Funds.

Regulations

OF

THE FIRST MADRAS LAUDABLE SOCIETY.

ARTICLE 1.—The object of this Association is to provide a Fund for the Insurance of Lives. This Fund is to be portioned into shares: and an individual may subscribe for a certain number of shares, either on his or her own Life, or on the Life of any other Individual. In the former case the general Estate of the deceased, or such person or persons as he or she may by will or assignment have appointed, shall benefit in the event of a lapse; in the latter, the person who may have subscribed on the life of the deceased, shall benefit to the extent of the shares subscribed for, unless, in either case, such shares be especially declared at the time of subscription to be for the benefit of any other person or persons, or be subsequently made over according to the form hereafter prescribed, for the benefit of any other person or persons, in which case such person or persons shall be entitled to benefit in the event of a lapse, and no other.

ARTICLE 2.—In the case of a person subscribing on the life of another, the party subscribing, and not the party on whose Life the Subscription is made, shall be considered a Member of the Society, and have a voice in the management of its concerns. Co-partners or other bodies of individual may hold one or more shares jointly on any given Life, either for their own benefit or for that of others; but in such case, the parties writing in the Subscriptions shall not be entitled each to a separate voice in the concerns of the Society, but must vote collectively, or by the deputation of one of their number, on all matters thereto relating.

ARTICLE 3.—The great principle of this Society is the equal division of its accumulated funds among the parties entitled to benefit by lapse of Lives subscribed on, according to the number of shares which those parties may respectively hold.

ARTICLE 4.—The First Laudable Society shall commence on the 1st January 1829 and shall close on the 31st December 1831 at Midnight.

ARTICLE 5.—Not more than Five shares can be subscribed for, on any one Life, whether those shares be held by one or more individuals.

ARTICLE 6.—Persons shall be at liberty to subscribe for Half or Quarter shares either on their own Lives or on the Lives of others, and in case of lapse, the Estate of the deceased, or the parties for whose advantages the subscription is declared to be, or who may have become entitled to such advantages by Will or Assignment, shall benefit by the Funds in a like fractional proportion.

The subsequent half yearly Subscription shall be payable on the 1st of January and 1st of July in each year commencing with the 1st of January 1828.

ARTICLE 9.—All persons who may be admitted into the Society subsequent to the 30th June 1829, shall in the first place, pay their

proportion of the current half yearly Subscription, to be calculated agreeably to the above Rule, from the first day of the Month of their admission, until the next following period of payment; and in the second place, shall pay a Premium of Admission to be regulated agreeably to the following Scale, viz.

For admission during the second half of the 1st year of the Society.	A premium equal to 25 per cent. on one half year's Subscription.
During the 2d Year................	50 per cent. on do.
3d Year................	72 per cent. on do.

Article 10.—Five persons residing in Madras, shall be nominated Directors of the First Madras Laudable Society, whose business it will be to Superintend and control the Management of the Funds to examine the Accounts, to decide on all applications for Admission, and generally to transact the current business of the Society. The concurrent opinion of three of the five Directors shall be decisive, on all matters relating to the concerns of the Society, not at variance with these fundamental Regulations, which can be altered only by a majority of the Members residing in Madras.—No question, however, shall be proposed to the Members at large without the concurrence of the whole of the Directors. In case of the death or removal from Madras of any of the Directors, another or others shall be chosen, by a majority of the Members of the Society then residing in Madras, or by a majority of such Members residing at Madras as may attend at a General Meeting to be convened for that purpose.
